Journal of Medical Ethics 1999;**25**:558–563

Index by subject matter (thematic review) Journal of Medical Ethics, volume 25, 1999

Editor's note
This combined index and thematic review was introduced in the hope that it would be more useful to readers than the old system. In the first part, papers, book reviews and letters are classified using the American National Reference Centre for Bioethics Literature Library Classification Scheme (the Kennedy system), which is printed on page 569. In the second part authors, reviewers, letter writers, papers, book reviews and letters are arranged alphabetically, with their Kennedy classification following.
